I am very excited about the upcoming 2022-2023 season and am looking forward to growing the U14AA program. I have been involved with ringette since I was too small to tie my own skates. I started my lifelong passion for this sport as a player and an official at a very young age.

The goal for the season will be to provide an opportunity for players to become great athletes playing a sport they have a passion for. This program will strive to encourage players to build their confidence and character through skill development and teamwork. Throughout the season these athletes will learn communication skills, responsibility, accountability, sportsmanship, teamwork, respect and integrity. We will focus on building character and confidence while providing a sense of accomplishment through skill development and knowledge of the game and this will be done through the creation of a safe and positive team environment.

We will practice approximately twice a week and play 1-2 times per week. Along with regular season play, we will be attending 3-4 out of town tournaments, as well as participating in the Regina tournament, Provincials and the Western Canadian Ringette Championships. The team fees will be dependent on the decisions that we make once the team is formed and the season begins. However, the budget for team fees will be approximately \$2,000.00-\$2,500.00 and there will be fundraising opportunities available.
