We hope to keep the season cost under \$2500.00 per player and hope to participate in competitions in Edmonton or Calgary, Medicine Hat, and Winnipeg as well as weekend exhibitions with parent approval

This year's Westerns location still have not been decided it will be either in Manitoba or BC. Once decided a cost will be determined

In conversation with Ringette Saskatchewan the information I received was that should a player be released from the U19AA and is still on the Winter Games team they will be eligible to play at Westerns First and second year players will automatically be available to the A team while third year will be dealt on a case-by-case basis
